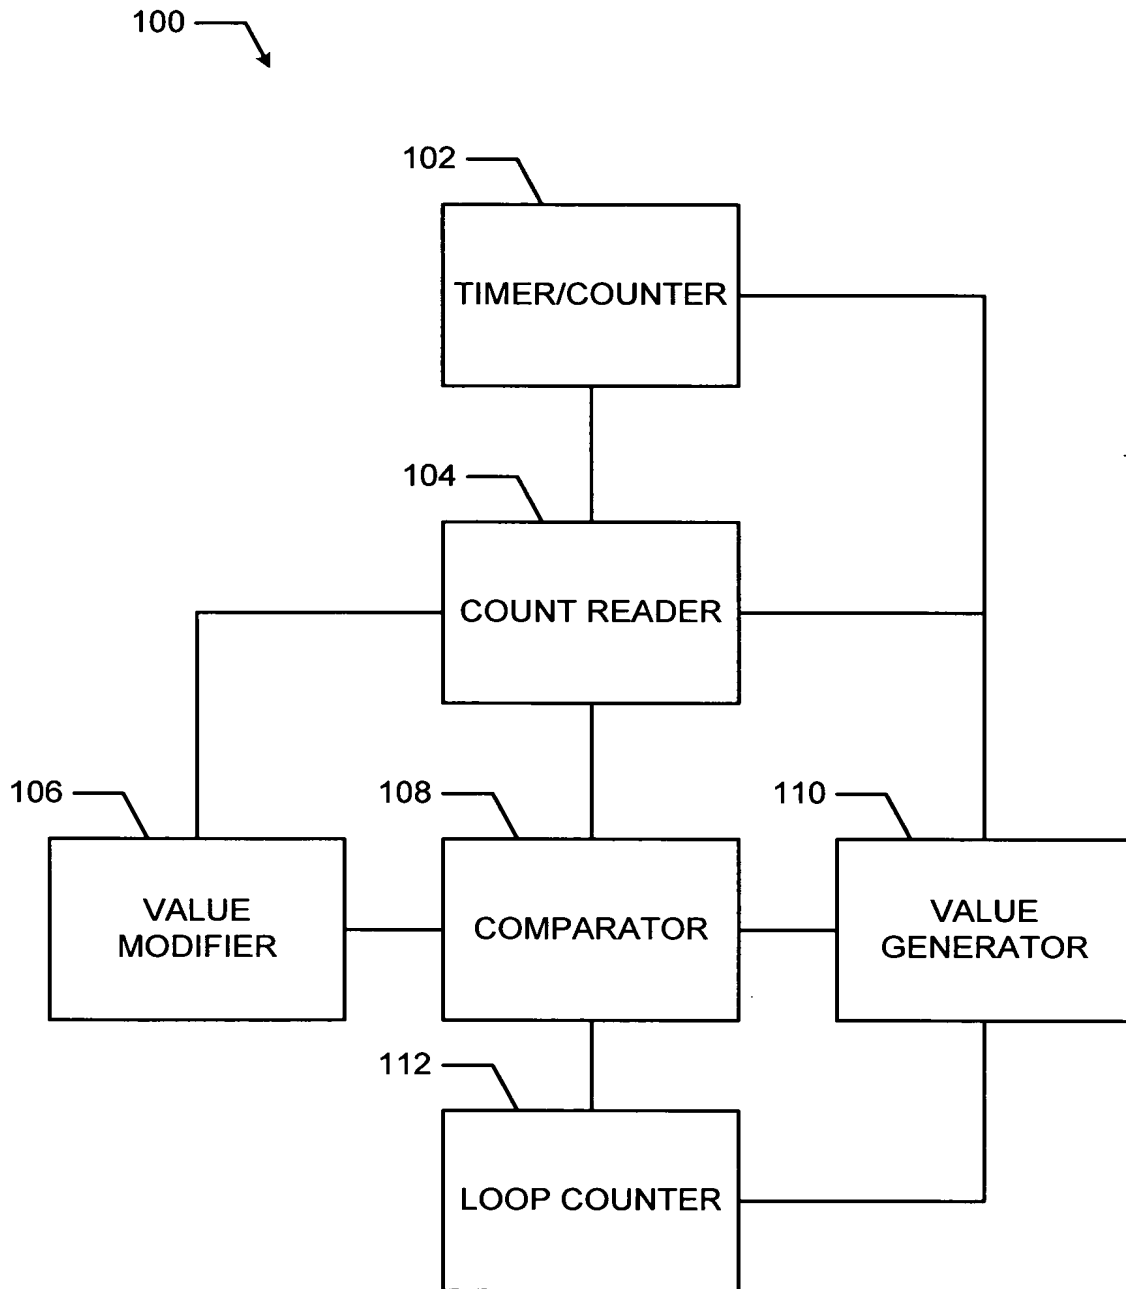

FIG. 1

Diagram illustrating a timeline or sequence of events. A horizontal line represents a timeline, with a starting point labeled 0 and an ending point labeled  $C_M$ . The total duration is labeled  $T_L$ . A point labeled 202 is marked near the start, and a point labeled 206 is marked near the end. A label 200 points to the timeline, and a label 204 points to the duration  $T_L$ .
